TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript (ES6+)
- **Front-End Technologies:** React.js (Hooks, Context API, Router), Tailwind CSS, Bootstrap, Chakra UI
- **Developer Tools:** VS Code, Git/GitHub, Chrome DevTools, Firebase
- **Frameworks & Libraries:** React Router, Axios, Framer Motion (Animations)
- **Database & Backend:** Firebase (Authentication, Firestore), MongoDB, Node.js, Express.js
- **Other Skills:** Responsive Web Design, State Management, UI/UX Best Practices

PROJECTS

Nios-Ignou-Sol.Vercel.App | Next.js, MongoDB, Tailwind, Razorpay

- Built a **full-stack application** for students to purchase **NIOS, IGNOU, and SOL** assignments.
Implemented **secure admin login**, **REST API-based** content management with full **CRUD operations** (create, read, update, delete) on **MongoDB**.
Integrated **email notifications** via **Brevo**, **online payments** using **Razorpay**, and developed a **responsive UI** with **Tailwind CSS**.

Otakucentre.com | React, Tailwind CSS, Firebase

- Developed a **React-based e-commerce platform** with **cart management**, **user authentication**, and **admin controls**.
- Integrated **Razorpay** for **secure payments** and enhanced performance using **React Hooks** and **GSAP animations** for a smooth user experience.

Loan-karade.vercel.app | React, Tailwind CSS, Firebase

- Developed **user authentication** with **email**, **phone number login**, and **Google authentication** using **Firebase**.
- Built a **profile management system** with **React Router** and optimized UI/UX through **form handling**, **dark/light mode**, **interactive sliders**, and **local storage** for a seamless experience.

yeshaenterprises.com | React, Tailwind CSS, Firebase

- Built a **fast, responsive static website** with **React Router**, **dark/light mode**, and **local storage**.
- Enhanced UI with **MUI components** and smooth animations using **Framer Motion**.

EDUCATION

Guru Gobind Singh Indraprastha University

Bachelor of Computer Applications - **CGPA - 8.6/10**

2022 – Current

Delhi, India

Key Highlights

- *Developed and optimized **responsive web applications** using **React, Tailwind CSS, and Firebase**.*
- *Enhanced **UI/UX** with **Chakra UI, Bootstrap**, and features like **dark/light mode** and **local storage**.*

SOFT SKILLS

- **Problem-Solving:** Skilled in **debugging**, **performance optimization**, and **enhancing UI/UX**.
- **Communication:** Effectively explains technical concepts and writes **clean, well-structured code**.
- **Collaboration:** Strong team player, contributing to **building, refining, and optimizing** web applications.
